

Thanksgiving Clothing Collection For Needy Is Set For Nov. 8 To 15

"Operation Clothes Closet," the 16th annual Thanksgiving Clothing Collection sponsored by the Catholic Bishops of the United States, for overseas relief, will be conducted by the 402 parishes of the New York Archdiocese Nov. 8 to 15 under the supervision of Regional Directors appointed by his Eminence Francis Cardinal Spellman.

Last year over one million pounds of clothing was contributed by the New York Archdiocese.

The appeal will open with a pastoral letter from his Eminence and the distribution of envelopes on Nov. 8, and continue for the remainder of the week with each parish conducting its own collection of used clothing shoes and blankets, for distribution by Catholic Relief Services to poverty-stricken people the world over. The envelope collection will be taken up Nov. 15.

Volunteers On Hand

At each parish center, volunteers will receive, sort and pack

the clothing which will be sent to the warehouse of Catholic Relief Services and shipped within 30 days to areas of need in South America, Europe, Asia, Africa, the Far East and the Caribbean. Foes Battle Birth Views In Council

By BENNET M. BOLTON

VATICAN CITY, (AP) — Leading conservative prelates argued today against a new look at birth control by the Roman Catholic Church. They told the Vatican Ecumenical Council that married couples should trust in Divine Providence.

Two Vatican Curia cardinals — Alfredo Ottaviani and Michael Browne — rose in the council in St. Peter's to oppose demands by other prelates for fearless re-examination of all aspects of marriage morality. Cardinals and bishops, many of them leading progressives, said Thursday the problem must not be avoided in the current council debate on its schema on modern world problems.

"I came from a family of 12 children," said Cardinal Ottaviani, son of a Roman baker and secretary of the powerful Vatican Holy Office. "I was the tenth. My father was a worker. My parents never doubted Divine Providence. Can it be possible that the Church has erred for centuries?"

"The people know their own problems better than a distant legislature or agency," he added.

WIDE WESTERN STREETS COLORADO SPRINGS, Colo. (P) — There is a "Horse sense" explanation for the wide streets in Colorado Springs. The chief engineer who laid out the town in pioneer days wanted lots of room for turning a double span of horses hauling huge freight wagons.

Malaysian Invasion Collapses

By PETER ARNETT

SUNGEI RAMBAIL, Malaysia (AP) — Indonesia's latest invasion of the Malaysian mainland collapsed today when 25 guerrillas meekly surrendered less than 36 hours after they landed.

A strong Commonwealth task force hunted for a half dozen other guerrillas still believed a large force of 56 men who landed by boat Thursday near this village on Malaysia's southwest shore.

The guerrillas emerged from the swampy jungles with no resistance after being pinned down by British, Australian and New Zealand troops.

Malaysian troops rounded up 25 other invaders Thursday. It was Indonesia's third raid of the mainland since August.

A ministry spokesman said Malaysia planned to protest to the United Nations Australia, whose troops were into action against the Indonesians for the first time, said it would report the action to the international organization.

In Jakarta, the capital of Indonesia, a foreign ministry spokesman denied knowledge of the invasion. The Indonesian press and radio did not report it.

The Malaysian government charged that the Indonesian crossed the narrow strait of Malacca from Sumatra in five fishing boats. Fishermen spotted the boats and notified police. The government said the landing party included 29 trained commandos, 23 irregulars and four Malaysian guides.

The government said the invaders may have had sabotage in mind because nine packages of TNT equipped with fuses were seized with machine guns, mortar bombs and hand grenades.

Only three days ago Malaysia had broken the back of the other two raids. The first, a much slicker sabotage operation, took place Aug. 17 near Pontian, on the Johore coast.

The second was an airborn landing Sept. 2 near Labis, 6 miles inland from Malacca.

Oceania, the smallest of the continental groups, has an area of 3.6 million square miles.
