### Dr. Dafoe Has Fling At Chicago Night Life

CHICAGO, Nov. 11 (AP).—Canada's widely known physician, Dr. Alan Roy Dafoe, who ushered the Dionne quintuplets into the world, slept late today after a whirl at Chicago's night life.

Through a cloud of smoke from his corn cob pipe the country doctor last night gazed sleepily at 25 scantily-clad chorus girls as they performed a "mirror" dance at a popular North Side night club.

Dr. Dafoe went to the night club from a theater where he saw a stage play starring Ina Claire. During the day he had visited the world's greatest grain mart, the Chicago Board of Trade where his presence brought operations to a rare standstill.

Off on what he called his "annual fling," the good-natured little medic arrived yesterday from Toronto.

## YOUR NEIGHBORS MADE THIS TEST!

QUESTIONNAIRE	
Compared to the gasoline you have been using ... did you get:—	
(1) quicker starting?	87% YES
(2) faster pickup?	80% YES
(3) more power on hills?	72% YES
(4) better all-around performance?	95% YES

1214 motorists in 14 cities tested a "mystery" gasoline. 95% of them proved that it gave better performance than the gasoline they had been using.

This "mystery gas" was Blue Sunoco.

Truth in gasoline advertising! ... Fact, instead of claims!—is what Blue Sunoco brings you in the most complete, the most daring test ever devised for any gasoline!

#### HOW THIS TEST WAS MADE

We employed the services of the Ross Federal Research Corp.—an entirely independent, fact-finding organization. Unknown even to our own employees, this organization sent its men out into the highways and byways of fourteen cities—large and small—from Massachusetts to Virginia and westward.

#### WE LEFT THE BLUE OUT OF BLUE SUNOCO

This was to prevent identification. Otherwise, this gasoline was regular Blue Sunoco and the certificate to the left, made by an independent testing laboratory, proves it.

#### WHO TOOK PART IN THIS TEST?

More than twelve hundred motorists—people like yourself; workmen and clerks, housewives and doctors, business executives and others, were asked to try this "mystery" gasoline.

They came from all walks of life, in all makes of cars. The gasoline was drained from their tanks and replaced

with ten gallons of this "mystery" gasoline. Then they went out to test it. Later, they were asked for their honest, candid opinions. Here are the figures. The statements of those motorists who were already using Blue Sunoco have been omitted from the compilation:

#### BLUE SUNOCO WINS AGAINST 54 OTHER LEADING BRANDS OF GASOLINE

In this remarkable test, Blue Sunoco was compared with 54 other makes of gasoline—extra-riced, regular-priced, cut-priced. The 1214 motorists who took part in the test didn't know which gasoline they were testing—don't know even yet, until they read this report. AND 95% OF THESE MOTORISTS PROVED THE SUPERIORITY OF BLUE SUNOCO IN ALL-AROUND PERFORMANCE. THIS, BEYOND QUESTION, RANKS IT AS AMERICA'S OUTSTANDING MOTOR FUEL AT ANY PRICE.
